I, Huston K. Kennedy, in a field survey on June 18, 2010 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

**NOTE:** Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

**A. Description of original monument and accessories and/or subsequent restoration:**

1810-Aaron Greeley, Surveyor of Private Claims, "to a post at the boundary between this tract and unconceded land"

- 1.) 1978-Soderberg, RLS #17635; unrecorded Certificate of Survey - Object found not stated, no witnesses
- 2.) 1980-"TRINITY INDUSTRIAL SUBDIVISION NO. 1", L. 76, pgs. 23-24, NE corner & north lines of Private Claim #610
- 3.) 1985-"TRINITY INDUSTRIAL SUBDIVISION NO. 2", L. 79, pgs. 7-11, NE corner & north lines of Private Claim #610

**B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:**

2010-Kennedy Surveying, Inc. - Kennedy, PS #17623 - The corner was obliterated due to the site grading and the construction of paved parking area. The corner was re-established using the found monumentation in "TRINITY INDUSTRIAL SUBDIVISION NO. 2" a Plat recorded in Liber 79, pages 7- 11 of Macomb County Records. The re-established corner falls in a concrete surface parking area between and to the rear of building #21180 & #21200 Hall Road. It is also located 80.5' north of the south edge and 136' east of the west edge of the paved parking area.

I accepted the re-established corner based upon the found monumentation in said "TRINITY INDUSTRIAL SUBDIVISION NO. 2" as the best evidence of the corner position to be perpetuated.

**RECORDED, UNRECORDED AND FIELD MEASUREMENTS BETWEEN CORNERS**

**PC-006 (NE cor. of PC #610) to PC-005 (NW cor. of PC #610)**

Aaron Greeley, July 18, 1810 description 68 chains, 87 links or 4545.42 Ft.  
 4361.34 Ft. (mea. 2010)

Per the above mentioned unrecorded Certificate of Survey the angular measurement at the Northwest corner of PC #610 is 90°25'05" (per survey) 90°24'48" (mea.)

**C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:**

- PC-006 I set a 3/4" x 24" iron rod w/2" diameter aluminum cap stamped "Macomb County Monument, MI Act 249 of 1962" in a new monument box
- N08°E 22.34' SW corner of building #21200
- N47°W 46.90' SE corner of building #21180
- S43°W 108.35' Set Mag Nail w/Remon Washer SW face power pole
- S37°E 100.22' Set Mag Nail w/Remon Washer SE face power pole

The selected location of a corner, although not established by an original government survey, is accepted as the best available evidence of the corner.

Signed by: Huston K. Kennedy Date September 7, 2010

**GLO SURVEY HISTORY**

Researching the government survey records for Macomb County shows that the south and east lines of Clinton Township were surveyed and the township was subdivided into sections with closing corners set on the north and west township lines by William Preston, D.S. in 1817-1818.

Private Claim (PC) No. 610, which falls within the boundaries of Clinton Township, which was surveyed by Aaron Greeley, Surveyor of Private Claims on July 18, 1810 and confirmed to John Connor. The description cites "to a post the boundary between this tract and unconceded land"

**WITNESSES:** (No witnesses)

**EXISTING FIELD CONDITIONS**

The above described post has been obliterated. The corner was obliterated due to the site grading and the construction of paved parking area. The corner was re-established using the found monumentation in "TRINITY INDUSTRIAL SUBDIVISION NO. 2" a Plat recorded in Liber 79, pages 7-11 of Macomb County Records. The re-established corner falls in a concrete surface parking area between and to the rear of building #21180 & #21200 Hall Road. It is also located 80.5' north of the south edge and 136' east of the west edge of the paved parking area.

**RECORDED AND UNRECORDED LCRC'S AND CERTIFICATE OF SURVEYS**

Researching the Macomb County Records for Land Corner Recordation Certificates (LCRC) and Certificate of Survey shows that William E. Soderberg, RLS #17635 prepared a unrecorded Certificate of Survey dated October 2, 1978. Objected found not stated, no witnesses.

"TRINITY INDUSTRIAL SUBDIVISION NO. 1" as recorded in Liber 76 of Plats, on pages 23-24 and "TRINITY INDUSTRIAL SUBDIVISION NO. 2" as recorded in Liber 79 of Plats, on pages 7-11 of Macomb County Records cites the North line of Private Claim #610 and the Northeast Corner of Private Claim #610.

**RECORDED, UNRECORDED AND FIELD MEASUREMENTS BETWEEN CORNERS**

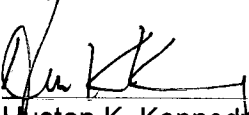

**PC-006 (NE cor. of PC #610) to PC-005 (NW cor. of PC #610)**

Aaron Greeley, July 18, 1810 description 68 chains, 87 links or 4545.42 Ft. 4361.34 Ft. (mea. 2010)

Per the above mentioned unrecorded Certificate of Survey the angular measurement at the Northwest corner of PC #610 is 90°25'05" (per survey) 90°24'48" (mea.)

**SURVEYOR'S RECOMMENDATION**

The northeast corner of PC #610 was obliterated due to the site grading and construction of a paved parking area and was re-established using the found monumentation in said "TRINITY INDUSTRIAL SUBDIVISION NO.2" as of June 17, 2010. I therefore, recommend to the Macomb County Peer Group that they accept the re-established corner, based upon the found monumentation in said "TRINITY INDUSTRIAL SUBDIVISION NO. 2", as the best evidence of the corner position to be perpetuated.
