I, Huston K. Kennedy, in a field survey on September 20, 2013 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:
1.) 1817-Wampler, D.S., 6" Black Oak S60°W 30 links; 7" Black Oak N28°E 22 links

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:
2013-Kennedy Surveying, Inc. – Kennedy, PS #17623 – The corner has not been perpetuated as it falls within the Ford Proving Grounds, which is a very difficult site for a surveyor to gain access to.

I am treating F-07 as a obliterated corner using the existing field evidence to re-establish the corner. The existing field evidence that will be used is the old road bed for 35 Mile Road extending in a east and west direction. Also fence wire extending to the north and south of an old road bed for 35 Mile Road. I re-established F-07 on a straight line between E-07 and G-07 at the intersection of the fence wire extending to the north and south of the old road bed for 35 Mile Road. The re-established corner falls on the north edge of an old road bed.

I am of the opinion that the Ford Motor Company which has ownership of the proving grounds has unrecorded information that might affect the location of this corner. However, I am unable to gain access to the Ford Motor Company unrecorded information at this time.

RECORDED, UNRECORDED AND FIELD MEASUREMENTS BETWEEN CORNERS (cont. on back side of LCRC)

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:
F-07 I set a 4" diameter 36" long concrete monument with a 1/2" iron rod w/2" diameter aluminum cap stamped "Macomb County Monument, MI Act #345, PS #17623"
S02°W 23.24' Set #60d nail w/washer stamped "Macomb County Witness Tag" east face 11" Cherry
N07°E 34.82' Set #60d nail w/washer stamped "Macomb County Witness Tag" east face 12" Cherry
N53°E 65.11' Set #60d nail w/washer stamped "Macomb County Witness Tag" NW face 26" Cherry
N78°W 82.75' Set #60d nail w/washer stamped "Macomb County Witness Tag" south face 8" Elm

The selected location is accepted by me and is generally accepted by Professional Surveyors as the best available evidence of the position of the corner as being perpetuated.

Signed by: _____ Date: October 24, 2013
Surveyor's Michigan License No.: 17623

FORM APPROVED BY MICHIGAN STATE BOARD OF PROFESSIONAL SURVEYORS, JAN. 28, 1971

GLO SURVEY HISTORY

Researching the government survey records for Macomb County shows that the South and East lines of Bruce Township were surveyed and the township was subdivided into sections with closing corners set on the North and West township lines by Joseph Wampler, D.S. in 1817. A post was set at the South $\frac{1}{4}$ corner of Section 16, and the North $\frac{1}{4}$ corner of Section 21.

WITNESSES:

(Based upon Government Survey Records)

6" Black Oak	S60°W	30 Links
7" Black Oak	N28°E	22 Links

EXISTING FIELD CONDITIONS

The original government post has been obliterated and the witness trees have been destroyed. The corner has not been perpetuated as it falls within the Ford Proving Grounds, which is a very difficult site for a surveyor to gain access to.

RECORDED AND UNRECORDED LCRC'S AND CERTIFICATE OF SURVEYS

Researching the Macomb County Records for Land Corner Recordation Certificates (LCRC) and Certificate of Survey shows that nothing has been recorded for this corner.

I am treating F-07 as a obliterated corner using the existing field evidence to re-establish the corner. The existing field evidence that will be used is the old road bed for 35 Mile Road extending in a east and west direction. Also fence wire extending to the north and south of an old road bed for 35 Mile Road. I re-established F-07 on a straight line between E-07 and G-07 at the intersection of the fence wire extending to the north and south of the old road bed for 35 Mile Road. The re-established corner falls on the north edge of an old road bed.

I am of the opinion that the Ford Motor Company which has ownership of the proving grounds has unrecorded information that might affect the location of this corner. However, I am unable to gain access to the Ford Motor Company unrecorded information at this time.

F-07 to G-07

GLO = 39.70 chains or 2620.20 Ft.

N86°58'13" E 2715.22 Ft. (mea. 2013)

SURVEYOR'S RECOMMENDATION

It is my opinion that the reason nothing has been recorded for this corner (F-07) it falls within land which was conveyed to the Ford Motor Company in 1955, also the Macomb County Road Commission vacated parts of 35 Mile, Lassier and Fisher Roads that fall within the Ford Proving Grounds in 1955.

I am treating F-07 as a obliterated corner and using the methodology as described on the previous page to re-establish F-07. I am, therefore, recommending to the Macomb County Peer Group that they accept F-07 as re-established as the corner position to be perpetuated.

Huston K. Kennedy, P.S.

Source: Macomb County Department of Planning and Economic Development - 2008 Digital Orthophotography Project - Parcel Conversion Project

Note: Digital Orthophotography horizontal positioning accuracy is 3 feet. Parcel boundary lines should be considered a graphical representation and not in any way a legal survey or engineering document. In general, the horizontal positioning and length accuracy is within 15 feet.

This map is intended for general planning purposes. Site specific evaluation should be verified by field inspection. This is a work in progress and may contain errors and omissions. Please report any potential revisions to (586)469-5285.
