GLO SURVEY HISTORY

Researching the government survey records for Macomb County shows that the North and West lines of Bruce Township were surveyed and the township was subdivided into sections with closing corners set on the North and West township lines by Joseph Wampler, D.S. in 1817. A post was set at the South ¼ corner of Section 24 and the North ¼ corner of Section 25.

EXISTING CONDITIONS

The original government post has been obliterated and the witness trees have been destroyed. The corner has been perpetuated with a 3/8" Iron Rod in a monument box located in the existing center line of 34 Mile Road extending to the East and West, which has a bituminous surface. Also a tree row extending to the North and an old fence/tree row extending to the South.

LCRC AND RECORDED SURVEYS

Researching the Macomb County Records for Land Corner Recordation Certificates (LCRC) shows that Herbet J. Kobs, PS #14097 recorded a LCRC on November 12, 1980 and found a 3/8" Iron Bar.

The witnesses for the above mentioned Land Corner Recordation Certificate and Certificate of Survey were used to verify the location of the found 3/8" Iron Rod in a monument box as of March 17, 2004. I therefore, recommend to the Macomb County Peer Group that they accept the 3/8" Iron Rod in a monument box as found as the best evidence of the original corner position as being perpetuated.
