GLO SURVEY HISTORY

Researching the government survey records for Macomb County shows that the North and West lines of Armada Township were surveyed and the township was subdivided into sections with closing corners set on the North and West township lines by William Preston, D.S. in 1817. A post was set at the Southwest corner of Section 3, Southeast corner Section 4, Northeast corner Section 9 and Northwest corner Section 10.

The original government post has been obliterated and the witness trees have been destroyed. The corner has been perpetuated with a capped ½" x 18" Iron Rod #30085 at the ground surface located 10' South of a fence line extending to the East and West. There are no occupational features to the North or South.

SURVEYOR'S RECOMMENDATION

The one (1) remaining witness for the above mentioned recorded Certificate of Survey along with the measured distance between the adjacent government corners to the South, East and West, were used to verify the location of the found capped ½" Iron Rod (#30085) as of February 17, 2006. I therefore, recommend to the Macomb County Peer Group that they accept the capped ½" Iron Rod (#30085) as found as the best evidence of the corner position as being perpetuated.
