GLO SURVEY HISTORY

Researching the government survey records for Macomb County shows that the North and West lines of Armada Township were surveyed and the township was subdivided into sections with closing corners set on the North and West township lines by William Preston, D.S. in 1817. A post was not set at the Center of Section 3.

WITNESSES: (Based upon Government Survey Records)
(No witnesses)

EXISTING CONDITIONS

The post was not set during the original government survey. The corner has been perpetuated with a ½" x 12" Iron Rod 0.50' below the road surface located in the existing center line of Pratt Road extending to the East and West, which has a gravel surface. Also a tree row extending to the South. No occupational feature to the North. Found a second ½" Iron Rod S2°W 9.29', which I am not recommending for approval.

SURVEYOR'S RECOMMENDATION

The witnesses for the above mentioned Land Corner Recordation Certificate also recorded and unrecorded Certificate of Survey along with the found local monumentation were used to verify the location of the found 1/2" Iron Rod as of February 16, 2006. I therefore, recommend to the Macomb County Peer Group that they accept the 1/2" Iron Rod as found as the best evidence of the corner position as being perpetuated.
