### GLO SURVEY HISTORY

Researching the government survey records for Macomb County shows that the North and West lines of Armada Township were surveyed and the township was subdivided into sections with closing corners set on the North and West township lines by William Preston, D.S. in 1817. A post was not set at the Center of Section 10.

**WITNESSES:** (Based upon Government Survey Records)  
(No witnesses)

### EXISTING CONDITIONS

The post was not set during the original government survey. The corner has been perpetuated with a ½" x 18" Iron Rod at the ground surface located in an old fence/tree row extending to the East and West. There is a fence/tree row extending to the South approximately 350 feet South of the corner. There are no occupational features to the North.

### RECORDED LCRC'S AND CERTIFICATE OF SURVEYS

Researching the Macomb County Records for Land Corner Recordation Certificates (LCRC) and Certificate of Survey shows Herbert J. Kobs, PS #14097 recorded a LCRC on August 29, 1972 and found a ½" Iron Bar.

**SURVEYOR'S RECOMMENDATION**

The witnesses for the above mentioned recorded Certificate of Survey along with the local monumentation and measured distance between the adjacent government corners to the South and West were used to verify the location of the found 1/2" Iron Rod as of February 16, 2006. I therefore, recommend to the Macomb County Peer Group that they accept the 1/2" Iron Rod as found as the best evidence of the corner position as being perpetuated.
