I, Huston K. Kennedy, in a field survey on March 17, 2005 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

**NOTE:** Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:  
 1817-Preston, D.S.; Set post, no witnesses  
 1.) 1997-Jerome, PS #19837; LCRC L.7699, pg.65 – Fnd a ½" Pipe  
 2.) 1997-"ARMADA MEADOW'S SUBDIVISION NO. 3", Liber 127 of plats, on pages 17-22

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:  
 2005-Kennedy Surveying, Inc. – Kennedy, PS #17623 – Found a PK Nail inside a ½" Iron Pipe, which is located in the existing center line of Fulton Street extending to the North and South, which has a bituminous surface. The following adjacent plats, "ASSESSOR'S PLAT NO. 1", "ASSESSOR'S PLAT NO. 2", "ASSESSOR'S PLAT NO. 4" and both of the "GEORGE BURKS ADDITION TO THE BURKS CORNER VILLAGE" doesn't give a position for K-8, therefore the above mentioned plats cannot be used to verify this position. The found monumentation along the East and West line of Fulton Street does closely verify the position in a East and West direction.

Witnesses from LCRC #1 were used to recover and verify the location of the found PK Nail in ½" Iron Pipe.

I accepted the found PK Nail in ½" Iron Pipe as the best evidence of the corner position as being perpetuated.

Field Measurements Between Corners see back side LCRC

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:  
 K-8 I replaced the found PK Nail inside a ½" Iron Pipe with a ¾" x 24" Iron Rod w/2" diameter aluminum cap stamped "Macomb County Monument, MI Act #345, PS #17623" in a new monument box  
 N67°W 55.53 Ft. SE corner of house #74065  
 N27°E 87.17 Ft. set Mag Nail w/Remon Washer West face power pole  
 S31°W 80.13 Ft. set Mag Nail w/Remon Washer East face 34" Chestnut  
 S29°E 68.75 Ft. set Mag Nail /Remon Washer SW face power pole

The selected location is accepted by me and is generally accepted by Professional Surveyors as the best available evidence of the position of the corner as being perpetuated.

Signed by: [Signature] Date July 13, 2005  
 Surveyor's Michigan License No.: 17623

FORM APPROVED BY MICHIGAN STATE BOARD OF PROFESSIONAL SURVEYORS, MAY 28, 1971  
 REVISED MAY 14, 1975  
 REVISED JAN., 1983  
 REVISED OCT., 1995

ACCEPTED BY THE MACOMB COUNTY SURVEY PEEF GROUP AS THE OFFICIAL CORNER UNDER MICHIGAN PUBLIC ACT 345 OF 1990 AT A MEETING HELD ON 7-12-05

### GLO SURVEY HISTORY

Researching the government survey records for Macomb County shows that the North and West lines of Armada Township were surveyed and the township was subdivided into sections with closing corners set on the North and West township lines by William Preston, D.S. in 1817. A post was set at the East ¼ corner of Section 23 and the West ¼ corner of Section 24.

#### WITNESSES:

Set post, no witnesses

### EXISTING CONDITIONS

The original government post has been obliterated and the witness trees have been destroyed. The corner has been perpetuated with a PK Nail inside a ½" Iron Pipe, which is located in the existing center line of Fulton Street extending to the North and South, which has a bituminous surface. The following adjacent plats, "ASSESSOR'S PLAT NO. 1", "ASSESSOR'S PLAT NO. 2", "ASSESSOR'S PLAT NO. 4" and both of the "GEORGE BURKS ADDITION TO THE BURKS CORNER VILLAGE" doesn't give a position for K-8, therefore the above mentioned plats cannot be used to verify this position. The found monumentation along the East and West line of Fulton Street does closely verify the position in a East and West direction.

### RECORDED LCRC'S AND CERTIFICATE OF SURVEYS

Researching the Macomb County Records for Land Corner Recordation Certificates (LCRC) and Certificate of Surveys shows George G. Jerome, PS #19837 recorded a LCRC on October 24, 1997. He found a ½" Pipe.

#### WITNESSES:

(Based upon LCRC recorded in Liber 7699, page 65 of Macomb County Records)

- \*135 Ft. +/- North of Torrey Road R.O.W.
- N45°E 35.10 Ft. to PK Nail in NW side of 6" Maple (gone)
- S35°E 43.20 Ft. PK Nail in NE side of 8" Hickory (gone)
- \*S30°W 80.25 Ft. to PK Nail in NW side of 30" Chestnut Tree
- West 25 Ft. to PK Nail in South side of 24" Maple (gone)

### FIELD MEASUREMENTS BETWEEN CORNERS

#### K-8 to K-7

GLO = 40 chains or 2640.00 Ft.  
N02°40'30" W 2668.34 Ft. (mea.)

#### K-8 to K-9

GLO = 40 chains or 2640.00 Ft.  
S02°44'53" E 2676.38 Ft. (mea.)

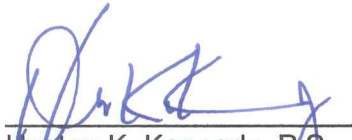

#### K-8 to J-8

No GLO  
S87°37'29" W 2615.37 Ft. (mea.)

#### K-8 to L-8

No GLO  
"ARMADA MEADOWS SUBDIVISION NO. 3" Liber 127, pages 17-22 = 2705.42 Ft. (cal.)  
N86°55'34" E 2705.56 Ft. (mea.)

The witnesses for the above mentioned Land Corner Recordation Certificate were used to verify the location of the found PK Nail inside ½" Iron Pipe as of March 17, 2005. I therefore, recommend to the Macomb County Peer Group that they accept the PK Nail inside ½" Iron Pipe as found as the best evidence of the corner position as be perpetuated.
