Part B: Surveyor's Report on Perpetuation, Restoration, Reestablishment or Monumentation of Corner:

Nothing was found at the corners position at the shore of Lake St. Clair. The Private Claim line between PC 316 and PC 645 is shown on Arcadia Lodge Subdivision, however it is only dimensioned near its the northwesterly terminus. The PC line is shown erroneously on Supervisor's Plat NO. 4 as being between lots 14 and 15, however evidence indicate it is actually the line between lots 13 and 14. I found a pipe at the lot corner common to lots 13 and 14 at the east right of way of Jefferson which I believe is the best evidence for the PC line.

The corner falls in the lake and it is impractical to set a point at the shore because there is extensive hardscaping near the lake as well as a fence between the shore and the Jefferson right of way. I am replacing the pipe with a concrete monument as a witness corner to OC-070.

The true corner position based upon the original notes is S 60° 03' 59" E, 1070.27' from this point into the lake.

Part C: Field Evidence of Perpetuation or Monumentation of Corner:

I replaced the pipe with a concrete monument (4" x 36" with a 1/2" iron rebar) with a 2" aluminum cap stamped "MACOMB COUNTY MONUMENT MI ACT 345, CAA 49376, WC OC-070"

Accessories for Witness Corner:

- N10°E 28.27' Centerline of round catch basin.
- S70°E 4.28' Southwest corner of brick fence corner column.
- S84°W 6.49' Set MAG nail W/MCR tag in northeast face of U. Pole.
- N60°W 4.30' Centerline of Sanitary Manhole.
